

# NeoTherm PU cartridges

New cartridges for hot melt PUR adhesives

## Monomer Low Emission

Hot melt PUR adhesives with low free monomer isocyanate content. Hazard-free labelling

## High-strength bonding

High green strength with fast setting that can save time and increase productivity

## Special for thin bond lines

Flexible and thin lines improve the appearance on the application

## Good performance in a wide variety of materials

- Plastic materials
- Bent wood
- Bookbinding
- Edge banding
- Decorative trims
- Gliding windows
- Speaker cones
- Toys
- Trade show booths
- Automotive
- Electronics
